

COMFORT GARDENS MEMORY CARE

Comfort Gardens is a secure memory care unit utilizing the social model for all levels of dementia care. Our goal is to help maintain as much independence as possible for each Resident in a structured, comfortable and secure environment.

“Though my mind and body have changed, my heart remains the same.”

ALZHEIMER'S PATIENT

Consistent and close relationships with the staff allow for less confusion and aggravation among the Residents. Our staff is dedicated to providing a meaningful existence by focusing on small, yet important moments that occur in the life of a Comfort Gardens Resident.
